**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

My parents, my daughter and her fiance, and my wife and I use Sonic for all our internet and telephone needs. We currently have Sonic service in five different CA cities (San Francisco, three East Bay locations and in Davis, CA). We all switched to Sonic from AT&T because Sonic provides much better customer service and quicker and more reliable internet connections.

When we switched to Sonic, the speed of our internet connections double while the cost was lowered. The increase in speed allowed us to install cloud camera in our parents homes so we can monitor them from afar. We have been waiting patiently for when Sonic can provide us with a lower cost fiber option.

We strongly oppose the USTelecom petition that is circulating that would limit competition in this area. Please do not approve any changes that will make communications more expensive for residential users.

Thank you.

Phillip Yee
